

**IN THE CLAIMS:**

1. (Amended) A large printer comprising:

a paper feeding unit [in which] including at least one roll of paper and at least one sheet of paper including a stiff carton [to be supplied are] loaded to said paper feeding unit, the paper feeding unit being located at a height that enables a user standing in front of the printer to execute the paper feeding process including replacement of the roll paper and setting the sheet of paper;

a printing unit located below the paper feeding unit;

a discharged paper stacking unit located below the printing unit; and

a paper feeding path extending in a substantially straight line from the paper feeding unit to the discharged paper stacking unit via the printing unit [so as to be substantially straight].

Claim 2, line 3, delete "with each other in" and insert --relative to--.

Claim 3, line 2, delete "loaded paper"; after "roll" insert --of paper--; after "from" insert --above--;  
line 3, delete "there above and for covering the paper roll".

4. (Amended) The large printer as set forth in claim 1, wherein the paper feeding unit includes at least a pair of spindle receptacles into which both ends of an elongated spindle, on which a paper roll is mounted, are inserted,

wherein at least one of the spindle receptacles is rotatable in a horizontal plane,

[and]

ad [wherein] whereby one end of the spindle can be inserted into [the rotatable] said  
at least one spindle receptacle and thereafter [in order to insert the other] another end of the  
spindle is inserted into [the other] another spindle receptacle by rotating the spindle so as to pivot  
on the rotatable spindle receptacle.

Claim 5, line 2, delete "is extended straightly" and insert --extends straight--.

as 6. (Amended) The large printer as set forth in claim 1, wherein the paper feeding path  
[is extended perpendicularly] extends in the vertical direction.

Claim 13, line 2, delete "whereat" and insert --at which--;  
line 3, delete "is able to" and insert --can easily--.

Claim 14, line 1, delete "wherein" and insert --further including--;  
line 2, delete "are"; delete "with";  
line 3, delete "each other in" and insert --relative to--.

Claim 15, line 6, delete "thereabove" and insert --above--;  
line 7, delete "therebelow" and insert --below--.

18. (Amended) ~~The large printer as set forth in claim 13, further comprising~~

alo a printing area;

a paper discharge area, and

a paper feeding path [perpendicularly extending] which extends in a  
vertical direction from the paper feeding area to the paper discharge area via the printing area.
